Decision making

Covalo – „google for chemical industry“

Development and UX design of a web-based industry platform to connect manufacturer and processors of chemical ingredients worldwide.
Covalo was spun off from Clariant International AG as Covalo AG (March 2021).

Initial Situation

- X High manual efforts
- X Outdated information
- X Poor traceability of ingredients and suppliers

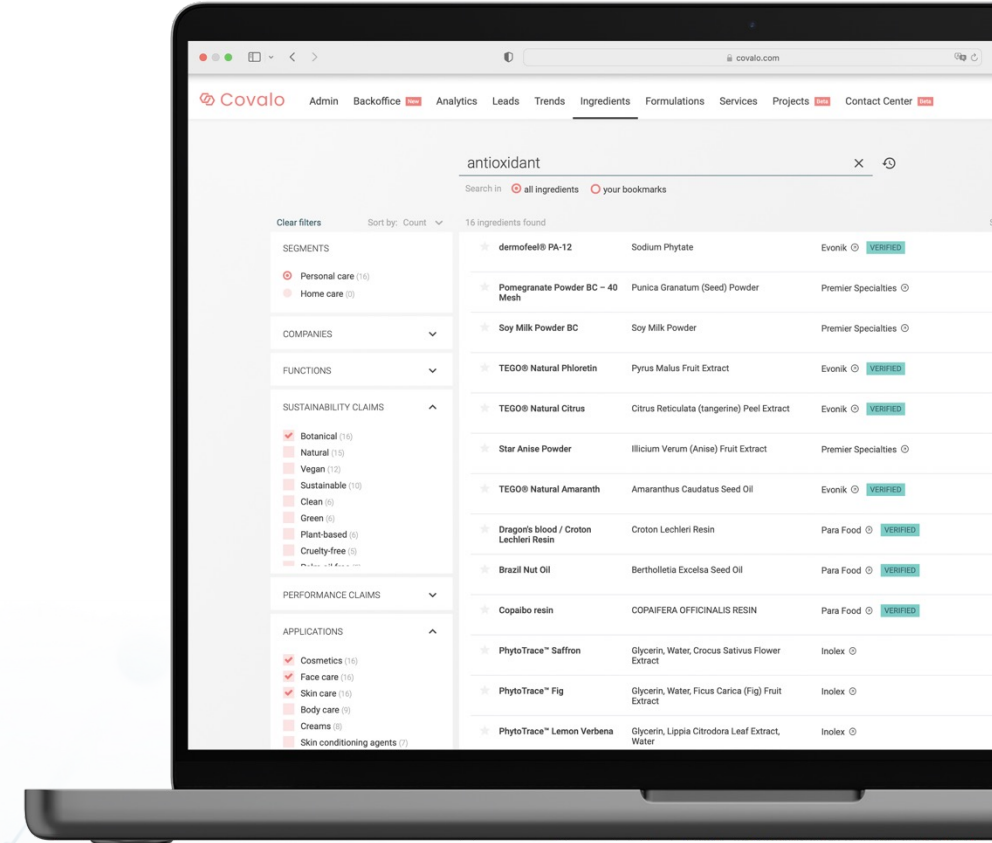

Implemented Solution

- Smart search incl. synonym search
- Auto completion and correction
- Comparison functionality

Benefits

- ✓ 750 crawler automatically scan several 100'000 websites
- ✓ 75'000+ indexed ingredients worldwide
- ✓ 25'000+ daily visitors (increasing)

Q&A

A central graphic featuring the text "Q&A" in a large, white, sans-serif font. The text is set against a background of various shades of blue squares and rectangles, some of which contain white question marks. The squares are scattered and overlapping, creating a dynamic, abstract composition. The overall style is clean and modern.
