

Helping Swiss ICT companies go global – with swiss made software

At amnis, we're proud to support holders of the swiss made software label with smarter financial solutions designed for internationally active SMEs. Through our partnership, label holders gain access to exclusive benefits – making cross-border payments, FX management, and team spending simpler and more efficient.

What you get with amnis:

- ✓ One account for 20+ currencies – no need for multiple bank accounts
- ✓ 0% FX margin on card payments and reduced exchange fees
- ✓ Issue unlimited virtual cards for free in real-time, ready for immediate use
- ✓ Real-time expense control via appPascl
- ✓ Seamless integrations (e.g., bexio) to simplify accounting
- ✓ Local support and quick setup

Our services are tailored for ICT companies and SMEs working with global clients, remote teams, or international suppliers – giving you full control and visibility without the banking complexity.

Visit our website to explore our latest innovations and discover powerful, streamlined tools for global business banking – all in one easy-to-use platform.

PARTNERSHIP

amnis

swiss made software

“In partnership with Swiss Made Software, we’re making powerful financial tools more accessible to businesses. This initiative is tailored to the needs of internationally active SMEs and complements their existing business accounts with a flexible, user-friendly solution for global transactions.

Pascal Widmer

Chief Customer Officer

amis

“This partnership gives SMEs an efficient way to handle international payments. With amnis, they no longer need multiple foreign currency accounts or costly transfers. Everything is managed in one place – simply, transparently, and with full control over team expenses and cash flow.

Christian Walter

Managing Partner

YOUR CHALLENGE

Struggling with uncertainty when settling foreign invoices or unexpected costs from international supplier payments?

OUR SOLUTION

PAY

Send money worldwide – fast, secure, and cost-effective. Enjoy transparency and flexible local payment options – a smarter alternative to traditional banking.

YOUR CHALLENGE

Facing challenges with hidden exchange rate markups and limited self-service options, tied to opening hours?

OUR SOLUTION

EXCHANGE

Self-trade currencies 24/7 on your own terms – no hidden fees, max. 0.4% FX rate. Benefit from flexible, automated currency management.

YOUR CHALLENGE

Tired of high costs, bureaucracy, and complex paperwork when opening foreign currency accounts abroad?

OUR SOLUTION

COLLECT

Open your multi-currency account in seconds, receive payments from 180+ countries with local IBANs, and save on fees. Plus, easily manage global transactions centrally.

YOUR CHALLENGE

Having trouble with time-consuming card orders, and bad visibility into team spendings?

OUR SOLUTION

CARDS

Simplify expenses with 0% fee multi-currency debit cards. Customise settings, and automate bookkeeping with pre-accounting features and integrations.

The simplest international
all-in-one banking solution
for SME's and beyond.
